

Junior Consultant Dynamics NAV

Junior Consultant - Dynamics NAV

DLF-TRIFOLIUM is in the process of a 300 + user Navision implementation based on Dynamics 2013, and is looking for a Junior Dynamics NAV Consultant who can ensure that DLF-TRIFOLIUM in the future can interact with customers, vendors and subsidiaries in the group through the Dynamics NAV platform.

As our Navision Consultant you will get a leading role in the implementation of Dynamics NAV 2013. During the next 3-4 years more than 10 projects need to be executed to ensure a successful global implementation of NAV 2013. A result driven consultant is needed to lead and support projects.

Desired Skills & Experience

Your responsibilities will include:

- Implement/deploy Navision 2013 in all subsidiaries in the DLF group
- Analyze and implement corporate processes and masterdata common to the group
- Analyze and implement intercompany handling within the group
- Drive change management and IT test
- Train users
- Data conversion activities

You have probably just finished your studies and have worked with ERP system before. A background in computing or in economics would be an advantage.

To be successful in this position, you need strong business skills with a thorough understanding of the process flows within the main modules in Dynamics NAV. It is essential for the role, that you are result driven and do not drop the tasks before they are closed. The job requires personal drive and a desire to engage in an energetic and dynamic team. We expect you to be self-driven with a willingness to learn, and that you are structured with a sense of detail.

Additionally, you must be fluent in English as well as professional, straightforward and equipped with a good sense of humour and the ability to work under pressure. We expect you are keen on travelling and you are willing to stay half the working time on projects outside Denmark.

If this sounds challenging, then e-mail your application and CV to job@dlf.com as soon as possible.

If you have any questions, please contact IT manager Morten Sørensen on +45 20 28 48 08.
